

TECHNICAL DATA SHEET

RAM MARINE MASTIC

DESCRIPTION	The RAM Marine Mastic consists of a compound being made of microcrystalline waxes , oils and inert fillers.
USES	The RAM Marine Mastic was specifically designed for easy moldings / filling for profiling around flanges ,fittings,nuts,bolts and other irregular shapes to achieve a streamline contours for subsequent tape wrapping.
CHARACTERISTICS	Being 100% manufactured from virgin materials (not mulched up tape) and utilising the advantages of microrystalline waxes over parafin waxes AIWC can deliver a product that can be used successfully in any season of the year.
